About RD Ghana Limited

RD Ghana Limited is building its team in Accra to develop business relationships and support corporate clients in digital financial services. Relevant solution areas include OristaPay enterprise accounts, cross-border payment collections, supplier payouts and integrations between business platforms and payment services.

About the role

We are seeking an organised, customer-focused professional to coordinate office administration, handle routine client enquiries and provide practical onboarding and sales support. The Managing Partner will set priorities across these duties, with client and commercial tasks coordinated with the Account Manager and Partnership Manager.

Key responsibilities

Office administration

- Coordinate day-to-day office administration and maintain organised filing systems.
- Manage general correspondence, schedule meetings and maintain team calendars.
- Prepare meeting materials, record minutes and track agreed actions.
- Support the Managing Partner with document preparation and administrative follow-up.
- Arrange office supplies, service providers, approved procurement and business travel.
- Maintain office asset registers and confidential administrative records.

Routine client service and onboarding support

- Handle routine enquiries through approved channels, including email and WhatsApp.
- Guide clients through application steps using approved instructions.
- Collect onboarding documents, check completeness and follow up on missing information under the Account Manager's coordination.
- Update client records and application trackers.
- Log technical problems and refer complex, commercial or compliance enquiries to the appropriate team.
- Provide status updates based on information confirmed by the Account Manager or relevant team.

Sales and event support

- Record incoming leads and refer them to the Partnership Manager.
- Follow up on assigned leads to arrange meetings or obtain requested information.
- Prepare approved sales materials and coordinate presentation and event logistics.
- Maintain sales activity records and support product demonstrations.

Financial administration support

- Compile client billing documents using information confirmed by the Account Manager.
- Organise supplier invoices, receipts and expense records for the designated finance contact.
- Maintain expense and payment request trackers.
- Submit procurement and payment requests for approval by authorised personnel.

Essential requirements

- A diploma or higher qualification in Business Administration, Office Management, Marketing or a related discipline.
- At least one year of relevant experience in administration, customer service or sales support, with practical exposure to office coordination.
- Good written and spoken English.
- Strong organisational and interpersonal skills.
- Confidence using Microsoft Office or Google Workspace, including spreadsheets, email and calendars.
- Attention to detail and discretion when handling confidential information.
- Ability to explain digital processes clearly and manage competing priorities.

Desirable experience

- Experience combining administrative and customer-facing duties.
- Familiarity with digital services or customer onboarding.
- Experience coordinating suppliers, expense records, meetings or events.
- Proficiency in a Ghanaian language relevant to the client base.

Measures of success

Performance will be assessed against agreed objectives for reliable office administration, routine enquiry response times, documentation completeness, record accuracy and timely completion of assigned support tasks.
